

i9600 Series

i9600 Mini

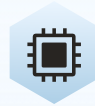

Smart MiniPOS Terminal

Large-screen, smartphone-style MiniPOS for secure mobile payments

Large Screen. Smartphone-inspired Design.

The 6.745" HD+ display provides ample screen space for viewing transactions and payment apps. The slim 16.8 mm, 298 g design makes i9600 Mini easy to carry from the counter to the queue, sales floor or collection point.

Android 13. Business-ready Performance.

Android 13 with a quad-core 2.0 GHz processor provides a reliable platform for payment and business applications. An optional octa-core configuration supports more demanding workloads.

Long-lasting Power. Built for Mobility.

A removable 5,000 mAh battery supports sustained mobile use throughout the working day. Optional magnetic pogo-pin charging enables fast, convenient charging between tasks.

Tap. Insert. Swipe. Secure Acceptance.

Accept contactless, chip, and magnetic-stripe payments from one compact Smart MiniPOS. PCI PTS 6.x, EMV L1/L2, and EMV Contactless L1 support secure payment acceptance.

Always Connected. Ready to Deploy.

4G LTE, dual-band Wi-Fi and Bluetooth 5.0 keep i9600 Mini connected on the move. Flexible SIM, SAM and microSD configurations support different deployment needs.

Scan-ready. Beyond the Transaction.

An optional professional scan engine enables barcode and QR capture. Optional front and rear cameras support loyalty, ticketing, identification, and other business workflows.

Notice:

Product specifications, features, images are preliminar and may be modified before product release.

Performance

Processor	Quad-core Arm-Cortex A53 2.0 GHz	●
